

Terms of Armistice Now Being Finally Arranged at Riga

Agreement Between Poland and Soviet Russia Said to Include Exchange of Prisoners, Also Restoration of Archives and Property.

Riga, Oct. 7.—Polish and Soviet delegates here to-day were completing the work of framing the final armistice terms, and Prince Sapieha, Polish Foreign Minister, was expected to arrive to take part to-morrow in the ceremonies incident to signing the Convention.

It is learned from authoritative sources that the two Governments will covenant to mutually return all prisoners held by them, restore archives and other property and to pay for property taken or destroyed by either country without military necessity.

Effect of Armistice.

Paris, Oct. 7.—Military circles here are concerned over the effect an armistice between Russia and Poland will have on the campaign of General Wrangel in South Russia. They declare the Bolsheviks will only reinforce the Crimean front. Reports emanating from Moscow that a French fleet intends to attack Black Sea ports are denied by The Matin.

Independence Recognized.

London, Oct. 7.—A dispatch to the Central News from Riga, announcing the signing of the armistice between Poland and Soviet Russia, says the independence of White Ruthenia and the Ukraine will be recognized. That Poland will be free of debt charges on Old Russia and that Russia engages to indemnify Polish civilians.

Operations Cease.

Riga, Oct. 7.—(Associated Press).—Military operations between the Poles and Lithuanians have ceased. It was announced at Polish headquarters here to-day. The statement was made in connection with an announcement that the Allied Mission on the Polish question had arrived at Suwalki Wednesday.

ANNOUNCE RESULTS OF SUPPLEMENTALS

Victoria Students Complete Matriculation Standing

Results of supplementary matriculation examinations held at the commencement of the Fall Term were announced by the British Columbia University yesterday.

Students successful in the examination were as follows:

Junior Matriculation.
Completed—Kathleen Sarah Ault, Clara Muriel Aylard, Hugh Campbell-Brown, Ruth Matilda Carlson, Mary Adele Cody, John Ben, Basil Ernest Crawford, Roberta Ida Dill, Bernard Gough, Grace Louise Hall, Dorothy Grace Head, Margaret L. May, Elsie Dorothy Menkus, Hugh Allan Macdonald, Roy McMillan, Oliver, Thelma Irene L. Owen, Gwendolyn Lillian Rice, Arthur Johnston Ross, Annabel Neilson Service, Honora Eleanor Hutchinson Turnbull, Carl Tolman, Etta Hamilton Wallace, Arthur John H. Wootton, Poon Sien Wong.

Senior Matriculation.
Completed—Annie Kiku Nakabayashi, Hester Lillian Richards.
Returned Soldiers' Applied Science.
Completed—Gilbert Henry Bevan-Pritchard.

OTTAWA TO DREDGE

FOR NEW VIADUCT

Mayor Asks Hon. S. F. Tolmie to Use His Influence in Matter

Dredging about the site of the new Johnson Street bridge will be done by the Federal Department of Public Works and not by the city, it was stated at the City Hall to-day. Mayor Porter has wired Hon. S. F. Tolmie, Federal Minister of Agriculture, in this connection, asking him to press the Public Works Department to proceed with the dredging work.

The dredging necessary will be done not exactly on the bridge site but in the channel approaching it. Such dredging is desired by the Department of Marine and Fisheries in order that free passage for all boats may be assured. While he was in the East recently City Engineer F. M. Preston took this matter up with the Public Works Department and secured a verbal promise that the work would be done and the wishes of the Marine Department carried out. As the question is one of a routine nature and is to be decided simply between two Government Departments, no trouble in this regard is anticipated by the civic authorities.

At present the city is waiting for the passage of an order-in-council formally authorizing the construction of the new bridge. It is anticipated that news of the passage of this order will be received here any day now.

SETTLEMENT IS NOW IN SIGHT

B. C. Electric Railway Agrees to Compromise on Outstanding Issue

Council Expected to Make Final Agreement Next Monday

As a result of the B. C. Electric Railway Company's decision to compromise in connection with the city's most recent demands, Victoria's street car problem should be settled Monday night.

A preliminary settlement of the whole question was reached this morning when the civic legislative committee met A. T. Goward, Local Manager of the Company.

The committee, as instructed by the City Council, asked Mr. Goward to undertake to maintain the streets between car tracks, but intimated that the city was prepared to accept the other terms which the company recently offered. These include a six-cent street car fare and a seven-cent lighting rate in return for which the city would agree to eliminate jitney competition.

While Mr. Goward declined after the conference to make known the results achieved, it became known that the Company had agreed to maintain the streets between the tracks, as a concession which had not been offered in the proposed agreement submitted to the City Council Monday night. The settlement reached on this matter, however, was a compromise, as the Company insisted upon certain reservations of a technical nature connected with the repaving of streets.

As a majority of aldermen intimated Monday night that they were prepared to approve the terms offered by Mr. Goward, provided that the company would agree to maintain the streets between the tracks, it is considered certain that the terms now offered will be accepted. Thus the new street car fare and the new lighting rate, it is anticipated by the civic authorities, will go into effect in the near future, and one of the city's biggest problems, which has been pending for years, may now be on the eve of settlement.

FLAMING PLANE IN SPECTACULAR FLIGHT

Successful Demonstration at Mineola With Fire-proof Machine

New York, Oct. 7.—Experts of the army and navy aviation service to-day were preparing reports to the War Department on the flying demonstration of a flaming oil-soaked fire-proof aeroplane, and its midnight landing device, witnessed by them last night at Mineola.

Experts who saw the spectacular demonstration by Paul Collins, a civilian flyer, said it marked one of the most important developments in aviation since the armistice.

Many mail aviators have been killed recently by flaming machines. Being high in the air at an altitude of 5,000 feet, Collins' machine was treated throughout with the fire-proofing "dope" and then completely saturated with gasoline. Collins himself donned a costume similarly treated. At his highest altitude he set fire to the gasoline. On his descent he illuminated the machine with two flares of magnesium on the tops of the wings, and by manipulating two mirrors under the fuselage he illuminated the whole of the so-called modern dancer, as nothing but an expression of the worst parts of the nature of the African aborigines.

Nothing Wrong in Dancing, but There Are Limits

Toronto, Oct. 7.—"I do not hold that there is necessarily anything wrong in dancing," said Rev. Mr. Renison, in discussing the question of dancing at the annual convention of the Anglican Young People's Association here last night, "but it would require a great deal of charity to call modern dances good. Many of the so-called modern dances are nothing but an expression of the worst parts of the nature of the African aborigines."

(Concluded on page 4.)

REJECTS ASQUITH PROPOSAL AS UNWORKABLE; SIRD EDWARD CARSON

Ulster Leader Voices His Views on Asquith Proposals for Ireland

London, Oct. 7.—(Canadian Associated Press). Sir Edward Carson, leader of the Ulster Unionists, writes a correspondent who asked him for his opinion on ex-Premier Asquith's latest Irish proposal:

"I have no doubt that under a little pressure and after the murder of a few more policemen, Mr. Asquith will be prepared to go a step further and suggest that the Sinn Fein party should not only govern Ireland but Britain as well. The microbe of funk is disintegrating, but pray think of the effect of this insanity on the encouragement of Irish assassins."

Sinn Fein Intimation.
London, Oct. 7.—Leaders of the Sinn Fein have intimated that although they desire complete separation of Ireland from England, they will not be opposed to a broad measure of dominion home rule if it can be proved a majority of the Irish people desired it, says The Daily Mail.

This information, the newspaper declares, was given in response to approaches made by the Irish Peace Council, a body of moderates from all parts of Ireland, which has just completed a plan for dominion home rule in the island.

Prior to adjournment of Parliament, members of this Council interviewed Premier Lloyd George, who told them that before submitting any scheme they must be able to secure of sufficient support in Ireland to guarantee that the scheme would be workable. This support, the Council claims to have obtained. The Daily Mail asserts the Premier will receive a deputation from the organization next week to take the initial step in the scheme. The first thing that will be done, the newspaper says, will be the creation of a Constituent Assembly for Ireland in which Ulster will be given representation.

Denial by Griffith.
Dublin, Oct. 7.—Reports that the Sinn Fein organization has become divided against itself, were vigorously denied here by Arthur Griffith, leader of the organization, during a recent interview with the Associated Press. He reiterated charges he recently made that raids of reprisal were a result of "calculated policy of the British Government—officials," and challenged Sir Hamar Greenwood, Chief Secretary for Ireland, who recently denied these charges, to submit them to an investigation by an impartial tribunal to be appointed by the British Government or the United States Supreme Court.

(Concluded on page 4.)

CONVENTION AT TOKIO RESUMES SESSIONS IN PALATIAL PLAYHOUSE

Tokio, Oct. 7.—(Associated Press).—Sessions of the World Sunday School Convention, which were interrupted yesterday by the fire which destroyed the great hall, where the first meeting was held, were resumed to-day in the beautiful Imperial Theatre. The playhouse was offered to the committee in charge by its founder, Viscount Shibusawa, president of the American-Japanese Association. Premier Hara offered the committee use of the Hall of the Japanese Diet if necessary.

Other meetings are to be held in Manila, Hongkong and Canton, and the Sunday school message will be carried from Tokyo to Jerusalem through meetings in Japanese provinces, Korea, China, Singapore, Colombo, India, Cairo and Palestine.

PORTUGAL IN GRIP OF GENERAL STRIKE, SAY MADRID ADVICES

Madrid, Oct. 7.—Reports that a general strike has been called throughout Portugal are confirmed by travelers from that country who have arrived at Badajoz. Postal, telegraph and telephone workers, the naval reservists, bakers and dock laborers have all ceased work, and the majority of the railwaymen have walked out, although in a few localities trains are being run. The Portuguese Government is said to be convinced the strike is purely revolutionary.

POLICE WERE LURED INTO DEATH TRAP

Elaborately Prepared Ambuscade at Tubbercurry Cause of Reprisals

Dublin, Oct. 7.—Police officials who have investigated the circumstances of the raid on the village of Tubbercurry, late Thursday night have submitted a report to Dublin Castle, which officials there declare "illustrates the state of mind under which reprisals might occur." This report was written for the information of the authorities and was not intended for publication.

The motor lorry carrying a squad of policemen, including Brady and O'Hara, two officers who were killed during Thursday evening, fell into what is described as a death trap. Firing from an elaborately prepared ambuscade, the assailants of the soldiers used expanding bullets. When two motor lorry parties of police and soldiers entered Tubbercurry from Sligo, the men found Brady's body on the barracks floor and O'Hara in a room nearby moaning with great pain. The reports declare the police and soldiers rushed out and the next minute sounds of shots and of doors being battered down were heard. The writer of the report says he "appealed to the men to stop firing and again to desist, but they were simply mad with passion, and restraint and discipline was thrown to the winds."

When arrested.
The officers were induced to reenter their lorries, they dashed off in the direction of the creameries, which were later destroyed.

Kidnaped Men Released.
Dublin, Oct. 7.—Two men kidnaped at Lisdoonvarna, County Clare, on September 29, were returned Tuesday night to the hotel, where they were captured. Two men, Coles, a member of the Pensions Ministry, and McLean, a commercial traveller, were the two men and they were uninjured.

TERENCE MACSWINEY IN EMACIATED CONDITION

London, Oct. 7.—Terence Macswiney, Lord Mayor of Cork, who this morning began the fifty-sixth day of his hunger strike at Brixton Prison, passed a fairly good night, but did not appear very much rested early to-day, according to a bulletin issued by the Irish Self-Determination League.

Attitude On Bonus.
In response to a written question handed him at the beginning of the meeting by the Edmonton G. W. V. A. 55 to his attitude on this issue, Mr. King touched on these questions briefly.

He said these questions in the last analysis could only be settled by the House of Commons. The view that he held was that he could not see how it was feasible to name any specific amount of money for any group of men, but on the other hand he was of the opinion that wherever there was genuine need either by the returned men or his dependents, it was the duty of the state to rehabilitate them to the last day of their lives.

**NO FURTHER CHANGE
IN MINING SITUATION**

Fernie, B.C., Oct. 7.—There is no change in the mining situation in this district this morning. The coal mines at Michel and Coal Creek are still idle with absolutely no effort having been made so far to effect a settlement of the demands of the miners, and it is understood that the coal operators refuse to negotiate as long as the miners remain idle. Quiet prevails in both camps, and no trouble is expected. The coal company here and at Michel posted notices yesterday that mines would be open for work, but no response was made to this by the miners.

Ruling of Cabinet on Freight Appeal Issue

Ottawa, Oct. 7.—The judgment of the Board of Railway Commissioners increasing the passenger and freight railway rates goes back to the Board for further study of certain defined features. The ruling of the Cabinet on the appeal taken from the argument of the Railway Board was issued at noon to-day. It lays down the principle that for the Government to weigh evidence and substitute their own judgment for the judgment of the Board on questions of fact arising "would defeat the purpose for which the Board of Railway Commissioners was created and would in the end be highly prejudicial to the public interest."

At the same time if it were felt that the Board had applied principles that it should not have applied, principles which the Cabinet considered not in consonance with public policy, such application should be taken as would lead to a decision in which only correct principles would be applied.

Trans-Continental Aviators Meet With Disaster at Start

Seaplane Wrecked Northeast of St. John Shortly After Commencement of Coast-to-Coast Flight; Colonel Leckie and Major Hobbs Uninjured.

St. John, N.B., Oct. 7.—Colonel Robert Leckie and Major Basil Hobbs, who hopped off this morning from Halifax for a trans-Canada flight to Vancouver, crashed a short time later at Long Beach, twenty miles northeast of St. John. Their light seaplane was wrecked but the aviators apparently were uninjured, as Colonel Leckie telephoned here for another flying boat.

The two Canadian Air Force aviators, who took off at 8 o'clock for Riviere du Loup on the first leg of their journey, sped over this city at 10.45 apparently going strong. Colonel Leckie's urgent message for another seaplane was interpreted here as meaning that he intended resuming his flight immediately.

ISSUES STRONG PLEA FOR UNITY

Hon. Mackenzie King, at Edmonton, Urges Defeat of Autocratic Control.

Edmonton, Alta., Oct. 7.—(By Canadian Press).—A strong plea for unity between the different groups opposed to the Meighen Government was the feature of the address delivered by Hon. W. L. Mackenzie King last night.

Hon. Mr. King, in his opening remarks, dealt with the formation of the National Liberal-Conservative Party, asserting it had not come into being as a result of a democratic movement.

"It is a serious condition for a democratic people, such as exists in Canada," said the speaker, "when an autocratic group can get control and enforce its will upon the Canadian people."

Mr. King, in urging for a union of forces which he contended stood for progress and were seeking the defeat of the present Government, said the present tour of the West was not in opposition to any progressive group, but was for the purpose of showing that the Liberal Party stood for progress and decrease in the cost of living, and downward revision of the tariff and elimination of profiteering.

Another policy on which Government opponents could unite, he continued, was the reduction of taxation and decrease in the cost of living. There were three ways in which this could be done and upon which there could be a united platform. These were rigid retrenchment, and economic downward revision of the tariff and elimination of profiteering.

Attitude On Bonus.
In response to a written question handed him at the beginning of the meeting by the Edmonton G. W. V. A. 55 to his attitude on this issue, Mr. King touched on these questions briefly.

He said these questions in the last analysis could only be settled by the House of Commons. The view that he held was that he could not see how it was feasible to name any specific amount of money for any group of men, but on the other hand he was of the opinion that wherever there was genuine need either by the returned men or his dependents, it was the duty of the state to rehabilitate them to the last day of their lives.

It is a matter of attitude, more than amounts," said Mr. King, "and it is a national obligation that must be met in a generous way."

Vancouver, Oct. 7.—Bank clearings for the week are as follows: Vancouver, \$17,730,567; New Westminster, \$897,578.

SPANISH AUTHOR DEAD

Madrid, Oct. 7.—Miguel de Palacios, a widely known author, is dead here. He was born in Manila 60 years ago, and during his career published more than two hundred works.

MEXICAN DESPERADO HELD POLICE AT BAY

Two Deaths Resulted From Fracas in Pittsburgh Suburb

Pittsburgh, Pa., Oct. 7.—Two men, including a patrolman, were killed and a number of persons were wounded at Homestead, a suburb, last night, in a pistol-duel between police, firemen, county detectives and civilians on one side, and a Mexican on the other.

The trouble started when two officers tried to arrest the Mexican, Ernest Martinez, who was acting in a disorderly manner on the street. Martinez drew a pistol and killed Patrolman William Smith and wounded Patrolman Henry Davis. The Mexican then entered a house, wounded the proprietor and barricaded himself in the building.

Police reserves were called out and armed with riot guns they tried to get into the house but were forced to retreat under the fire from the Mexican's gun. Firemen were summoned and they sought to drive Martinez from the house with smoke and water. Finally a fireman, armed with a high-pressure hose, gained entrance to the house from the rear and killed the Mexican.

JUDGE ANTICIPATES ADVANCE IN REALTY

States Opinion in Application For Foreclosure of Park-date Property

Because real estate prices in Victoria are expected to take an upward spurt, Mr. Justice Morrison, in the Supreme Court to-day, negatived the efforts of Dr. Marshall Gordon to foreclose on the home of Mrs. Mary Ann Charlotte Christianson, 8411 Avenue, Parkdale district.

On the Christianson property there is a first mortgage of \$1,700 and arrears of interest, which bring the amount owing to more than \$2,000. There is a second mortgage of \$850, which with the interest due, has grown to more than \$1,100.

Mr. Gordon told the judge that expenditure of the property is not worth \$2,500. He complained that nothing has been paid on the mortgages for six years and that the executors of the Forest Angus estate, whom he represents, have had even to pay the insurance.

"It appears to me that property in Victoria is going to go up," said the judge. "You are going to have a lot of things happen soon that are going to make much of it here very valuable."

Mrs. Christianson brought her husband into court, although the property belongs to her. He told the judge that he is a returned soldier and that one of the employees of the Pension Board mislaid his papers and he has not been getting his pension. He said that as soon as he gets his papers located and the pension begins to come through he will pay up.

Mrs. Christianson claimed that as her husband had been overseas she had a right to an extension of time under the War Relief Act until March 1921.

The judge ordered Mr. Gordon's foreclosure action to stand over until March.

Compound Syrup of Hypophosphites

This is a nerve and tissue builder of real worth. Feeds the tired nerves and restores their vitality. In this way neuralgia, headaches and that depressed feeling are overcome. A few bottles of this preparation will put your system in shape to withstand the winter season now coming on.

ONLY TABLETS MARKED

"BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

Aspirin, to be genuine, must be marked with the "Bayer Cross," just like your check must have your signature. Look for the "Bayer Cross." Then you are getting the only genuine Aspirin—the Aspirin prescribed by physicians for over nineteen years and now made in Canada.

Always buy an unbroken package of "Bayer Tablets of Aspirin" which contains proper directions for Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis, Joint Pains, and Pain generally. Tin boxes of 12 tablets cost but a few cents. Larger "Bayer" packages.

There is only one Aspirin—"Bayer"—You must say "Bayer."

Aspirin is the trade mark registered in Canada of Bayer Manufacturing of Monacacideolator of Salicylic Acid. While it is well known that Aspirin means Bayer, the Bayer Company has taken the precaution to have the Tablets of Bayer Company stamped with their general trade mark, the "Bayer Cross."

NATIONALIZATION OF HIGHER EDUCATION

Union of Municipalities Recognizes Pressure of Educational Expense

Nelson, B.C., Oct. 7.—The Union of British Columbia Municipalities last night in convention urged the Provincial Government to take over all high schools and technical schools, and also to take over and operate the hospitals; dissented from both Dominion and Provincial Governments holding their lands within municipalities free from taxation; asked for a conference of federal and provincial, civic and municipal officials, to co-ordinate the income taxes and to correct overlapping; recommended that the municipalities be given control over clubs, as over hotels; demanded that the same qualifications be exacted of police commissioners as of councillors and school trustees; authorized the appointment of a committee to study the whole question of municipal taxation; asked the Provincial Government to inquire into fire insurance rates, asked the Dominion Government to let land once held by soldiers and abandoned remain under taxation; and approved the extension of consolidated arrears privileges to returned men who arrived too late to take advantage of the Act.

Police Control.
 The Union turned down a number of resolutions proposing that the Provincial Government take over the entire police administration, but favored a two-year term for councils.

In the matter of the regulation of clubs, four mayors urged the change, Mayor R. H. Gale, of Vancouver; Mayor J. J. Johnston, of New Westminster; Mayor Vance, of North Vancouver, and Mayor J. A. MacDonald, of Nelson, a recommendation from the resolution was committed against intervention being overwhelmingly voted down.

Hospital Operation.
 The other matter that principally evoked discussion was that of apportioning payments for indigent patients, some twenty delegates participating in the expression of views. The principle of the Government taking over the hospitals was approved, but it is probable that other resolutions covering conditions in the meantime will be presented to-morrow.

Port Alberni and Chilliwack request the honor of entertaining the convention next week.

ALLEGED IRISH PLOT IN LONDON

Arrest of Suspect Believed to Be Key to Sinn Fein Conspiracy

Montreal, Oct. 7.—The Montreal Star last night published the following cable addition London date:

"The police believe they hold, in the arrest of Michael Symington, the key to a reported Sinn Fein plot to blow up the Irish Office and Treasury Building in Whitehall upon announcement on the death of Lord Mayor Macswiney."

Symington, held without bail, is charged at present with unlawful possession of four rifles, discovered in his lodgings near Brixton Prison. But other and more serious charges are being prepared as events cast more light upon his connection with the alleged plot.

In addition to the rifles, the police claim to have found plans of the Irish Office, stolen, they say, while Symington was a clerk in the Department of Public Works. The discovery of these plans was the first bit of evidence to link him with the Sinn Fein conspiracy.

The magistrate's hearing revealed not only this, but that the prisoner also possessed minutes of the Irish League of Self-Determination. In a packing case which was found by the police came upon the blueprints of the Irish Office and the Government buildings surrounding it. In his living room were found four army rifles, together with a mass of damaging documents, all wrapped in a flag of the Irish republic.

Detectives are now searching for vital documents which they think are missing, probably removed by Sinn Fein agents before the police reached the suspect's home."

LEAGUE ADOPTS RESOLUTIONS UPON GOOD ROADS EFFORTS

Nelson, Oct. 7.—One of the principal resolutions of Wednesday evening, substituted for an earlier draft of division, resolved "that the Government be urged to commence the immediate construction of a road to connect the coast with the interior by the most feasible route based upon the findings of the survey engineers."

Another recommendation that the Government be memorialized to establish a department under a highway commissioner. The other resolutions reaffirm the necessity of the projected Ymir road between Nelson and Salmon Valley; urge the connection of the Banff-Windermere road with the Revelstoke and Glacier National Parks; endorse the link between Sardis and Rosedale; endorse the proposed Kelowna-Naramata road; endorse a road system on the east side of Kootenay Lake from Kootenay Bay south; request the classification of the Agassiz-Vancouver road via Port Moody as a primary road, and also that traversing the Okanagan Valley.

Hon. J. W. de B. Farris addressed the convention briefly, stating that the Government valued highly the assistance rendered by organizations of this character and promising that he would lend it all legitimate encouragement.

Hon. J. H. King, Provincial Minister of Public Works, and Herbert Cuthbert, of Seattle, secretary of the Northwest Tourist Association, were the speakers of the previous night's session, which lasted all but four hours. Dr. King gave an exposition of his road policy, and Secretary Cuthbert enforced the importance of co-operation between different sections in securing the opening of communities, and in waging campaigns for tourists.

A. E. Forman, public works engineer, finished the address he began in the morning.

Bad Blood Fatal To Good Looks

Easy Enough to Restore Both By a Simple Home Remedy That Costs But a Quarter

Bad looks and bad health go together. To look young, to be happy, to enjoy life, and be always at your best you must keep your blood pure, your liver active, your bowels well regulated. These are the prime essentials to a happy, healthy old age. If you want a positive guarantee of good health, you can easily find it in the regular use of Dr. Hamilton's Pills, which for forty years have been keeping thousands of people in the pink of condition. It is no experiment to use Dr. Hamilton's Pills as a regular round of life. They are composed of certain extracts and herbs that secure good digestion, that regulate, tone and strengthen the system.

If in need of better health, if lacking in strength, if subject to headaches, blood disorders, constipation, lack of appetite, and indigestion, try safe to say you will be cured quickly by using Dr. Hamilton's Pills, sold everywhere in 25c boxes.

MYSTERIOUS GOLD WAS FROM ESTHONIA

Washington, Oct. 7.—The recent shipment of Russian gold, receipt of which was reported by the Federal Reserve Board last week, was imported for "an entirely proper commercial purpose," Department of Justice announced last night.

The shipment was sent from Reval, Esthonia, and consigned to a commercial agent of the Esthonian Government. It consisted of gold bars, which the gold had come into the United States with the knowledge and consent of the proper American officials. The shipment aggregated \$25,000, and was the first from Russia in Europe since 1918.

SEVERAL MEMBERS OF EGYPTIAN "VENGEANCE GANG" CONVICTED

Cairo, Oct. 7.—Twenty-five members of the so-called "Vengeance Gang," alleged to be an anti-British society organized to conduct assassination of political personages, have been convicted of conspiracy by a court before which they had been on trial for several weeks.

The sentences will be promulgated later. Four of the accused persons were acquitted.

Among those convicted was Abdul Rhamen Bey Fahmy, former provisional governor, and at one time a servant of the executive. He was charged with being a member of the "Vengeance Gang," and also with inciting to murder.

Numerous assassinations and attempted murders were credited to this society, which had an elaborate organization and worked with great secrecy. The objects of the society are alleged to have been the deposition of the Sultan and his assassination, together with the ministers and other persons who did not receive the approval of the society.

It was charged that the organization also preached sedition and distributed arms.

FAST INDUSTRIAL PROJECT REPORTED PLANNED IN QUEBEC

Montreal, Oct. 7.—The Herald prints a Quebec dispatch announcing that a vast project for the industrial expansion of the province of Quebec, of which the final details are now being arranged, will soon be publicly announced.

The two principal figures in this colossal enterprise are Lord Burnham, proprietor of The London Daily Telegraph, and Lord Desborough, who came to Canada to attend the congress of the Chambers of Commerce in Toronto.

The great project elaborated comprises the construction of a railway from Hudson's Bay to the Seven Islands, passing by Lake Mistassini, Lake St. John and Chicoutimi, to enter Quebec by the Montmorency valley, which will shorten the route from Chicoutimi to Quebec by one hundred miles; the establishment of pulp and paper mills at Seven Islands and all places where there are important power sources along the line of this new railway; and the creation of great steel works at Chicoutimi and at Quebec, which will become large steel manufacturing centres.

REGULATIONS RELAXED TO AID DISARMAMENT IN RHINELAND ZONE

Coblenz, Oct. 7.—The Inter-Allied High Commission has decided to allow immunity from the strict laws of the army of occupation prohibiting Germans in the Rhineland from having unlicensed weapons. This decision was taken in order to assist the enforcement of the recent German law for disarmament under the Spa agreement.

The decision permits Germans in the occupied area to surrender hidden arms and ammunition up to November 1, without being punished for having the arms in possession. The high commission and army's orders. The Allied officials admit that notwithstanding the severe punishment threatened against Germans in the Rhineland since the beginning of the occupation for holding weapons, thousands of rifles and other arms have been concealed by Germans living in the bridgehead zone.

The German officials had made representations that they were unable to carry out the disarmament law in the Rhineland because of the fear of individuals that they would be punished by the Allies when they brought out hidden rifles to collect the premiums offered for their surrender. Hence the Allies decided to waive their own rule.

DEBENTURE BONDS OF GRAND TRUNK OVER-SUBSCRIBED

New York, Oct. 7.—The gold debenture bonds of the Grand Trunk Railway were offered for subscription at 9 o'clock yesterday and by noon the issue had been over-subscribed. It was announced at the offices of the syndicate managers.

The issue is \$25,000,000 twenty-year seven per cent. sinking fund gold debenture bonds and were offered for sale by a group of banks and companies.

THIS MAY INTEREST THE NOMAD.

A superstitious New Orleans man wrote to an editor saying that he'd found a spider in his paper and asking whether that was a sign of good or bad luck. The editor replied, "Finding a spider in your paper was neither good nor bad luck for you. The spider was merely looking over the paper to see which merchant is not advertising so that he can go to that store and spin his web across the door and lead a life of undisturbed peace ever afterward."—Boston Transcript.

The decision of the Presbyterian Church of the United States to organize humane work in America and every foreign country where this church is represented is regarded as one of the most important undertakings which has been inaugurated by any body for the achievement of mankind and the recognition of the rights of animals.

POET LAUREATE OF PERU LIBERATED

San Salvador, Republic of Salvador, Oct. 7.—Jose Santos Chocano, known as the poet laureate of Peru, and for some time past a prisoner in Guatemala, has been liberated, according to advices received here.

He was charged with having assisted former President Cabrera during the revolution against the Cabrera administration.

FATHER OF COLONEL CY. PECK IS DEAD

Vancouver, Oct. 7.—Wesley Peck of New Westminster, died on Tuesday night at the family residence. Mr. Peck came to the Coast in 1885 and his family followed in 1887.

In addition to his wife the survivors are: Halliburton Peck, of Vancouver; C. W. Peck, M.P., of Prince Rupert; Mrs. Hugh McDiarmid and G. L. Peck, of New Westminster. He also has a number of grandchildren and great-grandchildren.

New York Physician Tells Why More Organic Phosphate Means More Nerve Vitality

The Nerves the Blood, the Bones of Over 40% of American Men and Women Need Organic Phosphate and Need It Badly

A Vigorous Healthy Body and Keen Active Mind Belongs to Those Who Have Plenty of It.

When will weak, played-out, thin, puny and aimless people learn that there is nothing much the matter with them and that all they need is a few grains of the right kind of phosphate every day for a few weeks to make them as energetic, vigorous and forceful as of old?

Every month, thousands of people are learning that lack of sufficient nerve vitality is the underlying cause of many diseases.

Your nerves control your body and without an abundant supply of nerve force life is worry, fear and disappointment.

Phosphorus is one of the vital elements of every living cell in your body and there are millions of them. Nature's way is to supply phosphorus to these cells with the food you eat in the form of phosphates. But to millions of people modern foods do not supply enough organic phosphate, so there you are.

WEEK-END SALE

French Fall and Winter Hats

At 15% Off

To-morrow, Friday, October the 8th. and Saturday, the 9th, we offer a reduction of 15% on all our high-grade French Maxime Millinery.

America has again turned to Paris for her Autumn millinery modes, and Paris has generously responded with a myriad of charming creations. Lovely hats, tinted with nature's own colorings—dainty, soft and graceful.

This offer will enable you to buy one of these exclusive French models at a reduction of 15%, and as this offer will only last for two days and as every hat, whether it is \$5.00 or \$25.00, is reduced 15%, we suggest early shopping.

Charming Trimmed Hats

CHARGES REFUTED.

Winnipeg, Oct. 7.—A denial of charges made by Hon. George Langley, Minister of Agriculture for Saskatchewan, that railways were retarding the grain movement to eliminate idleness of rolling stock during the winter months, was made yesterday by D. C. Coleman, vice-president of the Canadian Pacific Railway, western lines.

"As far as the Canadian Pacific is concerned, there is not a shadow of foundation for his charges. We are making every effort to move the

grain promptly," stated Mr. Coleman. Mr. Coleman stated that he had been informed that in not one single case this season had a complaint of car shortage been made by an officer or employee of the Saskatchewan Co-operative Elevator Company. "It is obviously easier and more economical to move the grain during the winter months than during the summer months, when low temperatures make operation difficult and expensive," he concluded.

The chief trouble with labor seems to be the work connected with it.

IMPOSSIBLE.

Photographer (busy posing client before camera).—Yes, increased wages and the high cost of materials have compelled me to raise the price of my pictures 100 per cent. Now, will you please look a little pleasant?—Houstan Post.

NEED NOT PAY LOAN ON CAR, COURT RULES

Appeal Judges Uphold Legal Success of J. J. Scarff Over Rithet & Co.

Vancouver, Oct. 7.—The Court of Appeal yesterday upheld the judgment of Mr. Justice Macdonald in the case of R. P. Rithet & Co., against John James Scarff, a retired prairie builder, of Victoria.

Mr. Scarff bought for \$1,950 a Saxon car from W. D. Cartier, of Broughton Street, Victoria, and did not know that Cartier had borrowed \$1,400 on the car from Rithets, for which Rithets are suing. When Cartier failed to pay his loan, Rithets seized the car, which was in the Scarff garage.

Mr. Justice Macdonald ruled that the Cartier transaction was in the nature of a loan as the car was pledged as security for payment, and dismissed the action against Scarff, saying he could not be blamed for Cartier keeping the money.

J. A. Alkman represented the company and T. S. Tait appeared for Mr. Scarff.

The Cartier firm mentioned is defunct and has no association with the present Johnson Street organization.

F. C. Elliott and Henry C. Hall, both of Victoria, are arguing the judgment of Mr. Justice Gregory in the case of the Victoria B. C. Land and Investment Trust, Ltd., against A. Morebly White, formerly a Victoria barrister, but now a resident of London.

Mr. Elliott, representing the company, argued that \$1,800 advanced by the company's attorney to one Conway Thompson on mortgage was without authority, and alternatively that if there was such power, White agreed to indemnify the company against loss. Mr. White was then a director of the company. The loan made on the strength of Mr. White's representations placed the parties in a fiduciary relationship, the loan was therefore improper and a breach of trust had been committed, contended counsel.

The case is proceeding.

OUTLAW BANDS BUSY ON KOREAN FRONTIER

Tokio, Oct. 7.—Advices from Northern Korea say that a body of Russian Bolsheviks, Koreans and Chinese bandits made a second attack on Hun Chun, a town of Manchuria, near the Korean frontier, on the night of October 4, and engaged the Japanese troops dispatched from Korea after the first attack on the town on Saturday last. The advices state that the situation is serious.

It appears that during the first attack the attacking party used field guns commanded by Bolshevik officers. The Foreign Office, in an official statement, says that Korean malcontents are co-operating effectively with Chinese bandits and Russian Bolsheviks and that renewed attacks on frontier towns are feared.

Jones stepped on Smith's favorite corn and of course there was trouble. What Smith needed is Putnam's Corn Extractor—that painless remedy for corns and warts that cures in twenty-four hours. Putnam's is the only standby. Try it, 25c. at all dealers.

POLICE MAGISTRATE OF TORONTO DEAD

Toronto, Oct. 7.—Rupert Etheridge Kingsford, M.A., LL.D., police magistrate, this city, died here Wednesday. He was seventy years old.

The late Mr. Kingsford was formerly a senator of the University of Toronto. He fought at Ridgeway in 1866, where he was wounded. He received a medal and clasp for his services in repelling the invaders at the time of the Fenian Raid.

Magistrate Kingsford was the author of a drama (Waterloo) and a number of legal works.

CHINESE GIRL ADOPTS ROMAN CATHOLIC FAITH

Montreal, Oct. 7.—A ceremony unique in the history of Canada, took place Wednesday morning when Akiu Tchan, a Chinese girl from the city of Canton, received the White Veil of the Novice of the Order of the Sisters Missionaries d'Immaculate Conception. The Bishop of Montreal, Monsignor Guibault, officiated at the ceremony, being now in Montreal on his return to China from Rome.

WELCOME RELIEF FROM ECZEMA

Complete Treatment That Gives Gratifying Results

Wasing, Ont.

"I had an attack of Weeping Eczema so bad that my clothes would be wet through at times. For four months, I suffered terribly, I could get no relief until I tried 'Fruit-a-tives' and 'Sotha-Salva'."

Although I have used three boxes of 'Sotha-Salva' and two of 'Fruit-a-tives,' and am entirely well."

G. W. HALL.

Both these favorite remedies are sold by dealers at 50c a box, 6 for \$2.50, or sent on receipt of price by 'Fruit-a-tives Limited, Ottawa.

'Fruit-a-tives' is also put up in a trial size which sells for 25c.

"I Like Its Uniformity"

Mrs. L. J. Wheeling first used Pacific Milk one day when she could get no fresh milk.

Its flavor was so natural in a batch of scones that she tried another can—and then kept using it regularly.

"I like its uniformity. Each can is like the one before it," Mrs. Wheeling says.

TAXATION CHANGES ARE PREDICTED BY OTTAWA NEWSPAPER

Ottawa, Oct. 7.—The Citizen in its news columns yesterday says: "There is a strong probability that the coming session of Parliament will see considerable variation in the taxation measures of the Government."

The business profits tax is likely to go and possibly the luxury tax may be replaced by the sales tax. It will be recalled that business tax was renewed this year despite very strenuous objections from business interests which reported it to be an impediment to commercial and industrial expansion. The Minister of Finance took the stand that money had to be raised and this was a tried and proved source of revenue. The additional taxes levied and the revenues accruing from them suggest the dropping of the tax on business in the next budget. There is also talk, but less of it, of modifying the luxury tax."

A Paris Chemist Has Discovered How to Grow Hair

In Paris the ladies have entirely abandoned wearing rates, which is due entirely to this new discovery. It has been proven that certain herbs contain ingredients that will positively grow hair. That they contain this long-looked-for article is proven every day.

The French are now placing on the market a preparation containing the extract from herbs and leaves, which is having a phenomenal sale. This preparation is called "DELMAY'S FRENCH HAIR TONIC" and is being sold with a guarantee to remove dandruff and to grow hair in abundance. Being daintily perfumed, DELMAY'S FRENCH HAIR TONIC makes a most pleasant dressing, and is sold by your druggist. Price, \$1.00 a bottle.

Sold in Victoria at the Owl Drug Store.

SHOULD START THIS YEAR.

According to the reckoning of the City Engineer, who has just returned from his successful trip to the East in connection with the Johnson Street Bridge, we may reasonably expect work to commence on this project before the end of the year. If the Dominion Government passes the Order-in-Council approving of the structure immediately, as it should do, Mr. Preston thinks it will be possible to call for tenders for the work within three weeks at the outside. The contractors will be allowed a month or five weeks to submit their bids, so that everything should be clear for the award of the contract in seven or eight weeks.

The contract for the drydock should be awarded about the same time, and it is not improbable that work on the two big projects will be started simultaneously. We are assured, therefore, of a considerable demand for labor during the greater part of the winter for these two public works alone, and we presume this will be enlarged by the operations that will be instituted by the Provincial Government on the reserve in connection with the bridge.

The Times has had no occasion to modify or qualify its estimate of a few weeks ago of the number or value of the public and private undertakings to be carried on here in the near future. Indeed, the prospects are that the total given then will be increased by a great deal more private building than it is possible to schedule definitely just now.

NO GRIEVANCE WHATEVER.

It required nothing more than the unsolicited expressions of satisfaction by the soldier members of the Legislature at its last session to convey to the public at large the salient fact that the Oliver Government had been true to the cause of the ex-service men. And it must have been doubly pleasing to the Premier to hear words of thanks from the president of the Great War Veterans' Association of Revelstoke coupled with the assurance that "they had no grievance whatever." But it will be interesting to watch the Leader of the Opposition indulge in an overdraw of imagination during the coming election campaign in an endeavor to show the returned men themselves how badly they have been treated and how their Utopia is possible only through a Conservative administration.

NO NEED TO FEAR HERE.

"The man with the most liquid business in the Spring of 1921 will be a subject for self-congratulation," says the head of a Toronto bank in dealing with the outlook for the next few months.

Current features in the markets of this continent emphasize the soundness of these remarks. A few of the price and business indications with which this week began were: December wheat in Chicago tumbled below \$2 a bushel, the lowest price in between three and four years. Sugar was cut again in New York, this time to 12½ cents a pound.

Other price reductions have been announced and price decline is again reported to be on in the East. If it is true unfortunately it will bring unemployment. Men have already been let out of Eastern factories in large numbers. There are no longer two jobs waiting for every man as during the war period. The situation to-day has even impelled the Illinois Employment Bureaus to send out this warning: "If you've got a job, keep it."

Victoria has little to fear from these conditions. Outside of shipbuilding, we have had no war-boomed industries, so

there is little possibility of any serious reaction. Free from many of the disadvantages of the fall in prices that Eastern centres will experience, Victoria, with the rest of the continent, will get all the benefits of cheaper living. And this, just as the biggest influx of Prairie people to winter here is commencing.

PAY THEM MORE.

Law students in a certain community in the East are thinking of forming a union. The conditions governing their service surely justify such a step. Their average remuneration is about fifteen dollars a month, which is probably about half of what the office boys in their respective establishments receive, and in many instances they have to do work of no little importance.

They also have to pay various fees which from first to last probably aggregate \$200. All this means, of course, that only the sons of wealthy people, or young men who themselves have independent means, can take up the study of law. Such a condition plainly is detrimental not only to the legal profession but, in its ultimate consequences, to the welfare of the country, since it bars from the study and practice of law a very large part of our young manhood, and therefore confines within narrow limits the recruiting ground for a calling which should require special qualities of ability and character on the part of its members. The legal profession certainly should take steps to remedy what is obviously a glaring anomaly in a country like Canada, in respect of the scale of remuneration for law students.

ADVICE FROM ACROSS THE BORDER.

In the midst of a good deal of recriminatory talk in which people on both sides of the international boundary indulge too frequently it is refreshing to read the remarks of the ex-Mayor of Spokane who told the Rotarians of Vancouver the other day that after visiting fifteen States and three hundred communities he was convinced the American people generally recognized the decisive part played by British arms in winning the war. Those people who patted themselves on the back with the conviction that the war was won south of the boundary line the visiting speaker classified as "bumpkins."

On a much more important matter, however, the ex-Mayor dropped a friendly hint to Canadians. He urged the development of national sentiment in Canada, and warned against the practice of the past which had admitted people to this country who were not prepared to become Canadian citizens in heart as well as in body. He is quite right. There is no room in this country for the alien who is unwilling to accept the responsibilities of citizenship in every sense of the term. It should be the careful duty of the immigration authorities to employ men for service at the various ports of entry, who understand something of the psychology of the human family in addition to possessing the ordinary qualifications demanded by the Department.

THEY SHOULD BE TOLD.

In the monthly report of the Provincial Employment Bureaus published in our news columns yesterday it was pointed out that during the Fall and Winter months there is usually a large influx of men into British Columbia in search of work. This is a well-known fact. It has been the case for a number of years, and as the climate of British Columbia continues to offer a great deal more comfort during the winter months than the meteorological conditions of the Prairies, this migration will be directed westward. The Attorney-General's Department, however, has sounded a warning note in time for such appropriate action as may reduce the influx to the minimum. For instance, a circular issued by the Government in conjunction with the City Councils of those parts of the Province more directly concerned might easily acquaint the governmental and civic authorities east of the Rockies of the very important fact that

British Columbia has not sufficient winter employment to meet the demands of more than her own population.

NOTE AND COMMENT

Mr. Bowser says the Oliver Administration has borrowed over twenty-six millions in four years—more than the late Government had borrowed in its thirteen years of office. Quite so; the former regime busied itself with the dissipation of a handsome surplus before its own borrowings earned the title of "deficiency bonds" for British Columbia securities. In the meantime the credit of the Province is higher than it has been in seventeen years.

"It is high time that Dewdney dispensed with the 'carpet bag' candidate," says Mr. Maxwell Smith in announcing himself as an Independent Liberal aspirant for that riding. This is said to be aimed at the Premier. We wonder how the Premier would describe so singular a candidate as Mr. Maxwell Smith.

OTHER PAPERS' VIEWS

NOT CONFINED TO KANSAS.

(From the Atchinson Globe.)

A certain young man entered a newspaper office recently. "I was intensely shocked to read a notice in your paper of my engagement," he said. "I cannot tell you how shocked I was. I was positively chagrined. My fiancée was chagrined. We were all chagrined. How much for fifty copies of the paper?"

FRENCH OPINION TOWARDS BRITAIN

(From the Westminster Gazette.)

In an article in the "Westminster Gazette" yesterday on "What Paris is talking of," an Occasional Correspondent insists that we are all very unpopular in France at present. "Every one of us, the friendly, jolly innocent rest of us, all are disliked, with the exception of Lord Derby." After having spent some weeks in France this statement surprises me very much. Both in Paris and in the provinces I found no less friendly and more than the French people. Only a few days ago I met a Frenchman for a moment who, on my showing him my card, a police officer let me through the crowd into Notre Dame last Saturday, eager to oblige an unknown Englishman. These were surely strains which showed the way the wind blew. It was everywhere the same atmosphere of good-will and courtesy, from the peasant with whom I chatted in the fields to the man who clinked glasses to the waiter in the cafe. I am, therefore, really at a loss to know why anyone should declare that we badly need a friend in France at present. Of course the Government's attitude on the Polish question was sharply criticised, and some of the comic papers caricatured Mr. Lloyd George as a friend of the Bolsheviks. But I cannot believe for a moment that French people generally regard us with dislike, or have forgotten the part that the two countries played together in the war. It would suggest great lack of generosity on their part if they did forget the ties that bind us, and this would be altogether alien to the French character. I can only say that I spent such a very pleasant six weeks in France that I left the country with great regret.

WHYDoes Fanning Make Us Cool?
(Copyright, 1920, by The Wheeler Syndicate, Inc.)

It was possible to measure the precise temperature of the air put in motion by a fan, we would find it the same as the temperature of the atmosphere, bearing heat which might be accumulated from the proximity of other objects. These, of course, are not objects, but the air is constantly moving by a natural or artificial breeze.

When we fan ourselves, however, the air surrounding us is set in motion and stimulates evaporation of the moisture of the body, so that our actual temperature is lowered. The same process may be noted in the "water monkeys" or earthenware jugs so widely used in the tropics for cooling water. These vessels are made of a porous substance which permits the water gradually to seep through and accumulate on the outside, much as perspiration appears on our bodies. When placed in the shade or in any place where a breeze is generally to be found, this outside moisture evaporates quickly and keeps the temperature of the jug considerably lower than the surrounding air, thus cooling the water itself. The decrease in heat noticeable while fanning, is therefore due, not to the coolness of the air itself, but to the ease with which the bodily moisture is evaporated.

WHERE IT STARTEDTHE SUNDAY SCHOOL
(Copyright, 1920, by The Wheeler Syndicate, Inc.)

The Sunday school, which is at present intended for the religious instruction of the young, was originally a secular institution. Robert Raikes, in July, 1780, founded the first institution of the kind for the schooling of London boys who had to work all the week and had only Sunday to study. Though he met with violent opposition at first, he ultimately triumphed.

Buy Capital Bonds on the Partial Payment Plan.

ULSTER LEADER VOICES HIS VIEWS ON ASQUITH PROPOSALS FOR IRELAND

(Continued from page 1.)

"There will be no settlement, except upon the basis of Irish independence," Mr. Griffith said. "The British Government authorities are making a special effort to terrify the Irish people and force them to abandon their claim for independence before the British Parliament re-assembles and the American Presidential election is held."

Asked if the Sinn Féin would enter into negotiations with the British Government he replied: "The Government has made up its mind to ignore our existence. We have a mandate from our people to set up a republic and until that mandate is withdrawn we have no authority to accept anything less than complete independence."

"Is there a state of war in Ireland?" the correspondent asked. "Ireland in 1918," Mr. Griffith replied, "peacefully and constitutionally registered its vote for independence, according to the principle of self-determination, enunciated by America and accepted by England in her hour of need. Since then England has been seeking to overcome the United Kingdom by force, and against Ireland she has used only one means of meeting the needs of the state. Another source of revenue it favored was direct taxation by means of an income tax properly graduated, and a tax of industries sufficient to prevent profiteering. All the large groups opposing the Government, he said, could unite in a policy of downward revision of the tariff on the necessities of life."

Speaking of the question of natural resources, Mr. King quoted the Liberal platform in favor of handing those resources over to the provinces concerned on terms that are fair and equitable in regard to all the other provinces.

"If the Liberal party is returned to power and I am sure it will be shortly," said Mr. King, "it will see that this pledge is fully carried out in a way to satisfy the rightful aspirations of the people of the West."

Mr. King spoke for more than an hour and a half and his remarks were listened to with close attention and received frequent applause.

E. Laing, M.P. for Quebec East, also spoke briefly for more than an hour and his remarks were listened to with close attention and received frequent applause.

ISSUES STRONG PLEA FOR UNITY

(Continued from page 1.)

Tariff Question. The Liberal leader dealt at some length with the tariff question. The party which he led was not for free trade, neither was it for protection, but it favored a tariff as only one means of meeting the needs of the state. Another source of revenue it favored was direct taxation by means of an income tax properly graduated, and a tax of industries sufficient to prevent profiteering. All the large groups opposing the Government, he said, could unite in a policy of downward revision of the tariff on the necessities of life."

Speaking of the question of natural resources, Mr. King quoted the Liberal platform in favor of handing those resources over to the provinces concerned on terms that are fair and equitable in regard to all the other provinces.

"If the Liberal party is returned to power and I am sure it will be shortly," said Mr. King, "it will see that this pledge is fully carried out in a way to satisfy the rightful aspirations of the people of the West."

Mr. King spoke for more than an hour and a half and his remarks were listened to with close attention and received frequent applause.

E. Laing, M.P. for Quebec East, also spoke briefly for more than an hour and his remarks were listened to with close attention and received frequent applause.

PROPOSED BOARD UNDER REVIEW

(Continued from page 1.)

That the Government would appoint men of the highest type and of the broadest experience in municipal work, and would retain the services of Inspector Baird, who had so notably made good, could fairly be assumed.

The Attorney-General referred to the cast unexercised powers of the Lieutenant-Governor-in-Council in respect to municipalities, sufficient to union to watch carefully the clauses designed to give the Lieutenant-Governor-in-Council liberty to amend the powers of the Board without consulting the municipalities.

Should Watch Clauses. A letter from Mrs. Grace Johnston, secretary of the Women's Independent Political Association of Victoria, also bore on this subject, urging the union to watch carefully the clauses designed to give the Lieutenant-Governor-in-Council liberty to amend the powers of the Board without consulting the municipalities.

Tranquille. Reeve E. H. Bridgman, North Vancouver, and Councillor L. E. Marjmont, the Union's representatives on the directorate of the B. C. Anti-Tuberculosis Society reported, referring with gratification to the coming taking over of Tranquille Sanatorium by the Provincial Government with the aid of the Dominion, and expressing the belief that the Province would now make a provision for checking the spread of tuberculosis, in which respect the public health in the Province was not holding its own.

The Municipal Officers Association is in session and has drafted resolutions designed to more clearly define some sections of the municipal Act, dealing with assessments and collections. These may come up tonight.

He who sneers at success is a chronic failure.

Bishops of Entire Dominion to Assemble at Winnipeg This Week

Winnipeg, Oct. 7.—To celebrate the centenary of the establishment of the Church of England in Western Canada, the Anglican bishops of the whole of the Dominion, together with the delegates from the Provincial Synod of Rupert's Land which embraces the whole of the prairie provinces and the Anglican clergy of Manitoba, are expected to arrive here the latter part of this week. Commencing next Sunday the programme of events will continue for eight days, and will comprise many features, devotional and historical in character.

Much interest is centred upon the meeting of the House of Bishops owing to the fact that the Lambeth Conference Church Union appeal will

PROPERTY OWNERS ENTERTAIN FRIENDS

Nearly 150 members and guests of the Esquimalt Property Owners' Protective Association gathered last night at the Sailors' Club, Esquimalt, to take part in a card party and dance.

The affair proved to be more successful than even its organizers had anticipated the card tables which occupied the floor from the commencement of the proceedings until 2:45 o'clock being all occupied.

Refreshments were served at the conclusion of the whist drive, and this was followed by dancing, which lasted until about midnight.

Rev. Father Silver acted as president.

WHITENING CLOTHES.

Clothes can be whitened very quickly by putting two or three slices of lemon, find and all, into the boiler with them.

WOMEN JOURNALISTS MEET IN MONTREAL

Eighth Convention of Canadian Women's Press Club
Opened Tuesday

Montreal, Oct. 7.—At the afternoon session of the eighth annual convention of the Canadian Women's Press Club, which commenced here on Tuesday, committee reports were given, followed by a discussion on the subject of delinquent members.

The following committees were appointed: Constitution—Miss Haig, Winnipeg; Mrs. J. L. Price, Calgary; Mrs. J. H. MacGill, Vancouver; Miss Isabel Armstrong, Toronto; Miss Estelle Cair, Toronto; Mrs. Watt, Ottawa; Miss Berkholder, Hamilton. Resolutions—Miss Whitten, Miss Peate, Vancouver; Miss Molton, Miss Jean Grant, Calgary; Mrs. Margaret Fairbairn.

Entertained by I. O. D. E. In the afternoon the delegates were entertained at tea by the I. O. D. E. During the evening session Miss Agnes Maule Machar, pioneer Canadian newspaper woman, "Fidella," spoke on the early history of women in journalism. Mrs. J. H. McGill urged newspaper women to take part in the problems for the uplifting of humanity. Mrs. Arthur Murphy, of Edmonton, who presided, spoke of the aid given to patriotic bodies by newspaper women. She suggested a classified register of women journalists for the use of Canadian editors. This suggestion was heartily endorsed.

It was suggested that affiliation with the British women journalists should lapse and the club endorse a proposal that delinquent members be reinstated.

Paper by Miss Amy Kerr. A discussion took place yesterday on amendments to the constitution. Addresses were given by Miss Cora E. Hind and Mr. J. F. B. Livesey. A discussion with reference to "Putting New Books on the Market" was led by Mrs. Penwick Williams. Miss Amy Kerr, of Vancouver, gave an interesting paper.

No Accommodation. Thursday's discussion will be on newspaper and review possibilities, interviewing, trade unionism and women journalists.

The delegates go to Quebec on Friday and to Ottawa on Saturday. Montreal is overcrowded with delegates to various conventions and no rooms are available.

The S.S. Quebec, in the harbor, has been turned into a temporary hotel.

MRS. ROSE E. TUTTLE, of Portland, Maine, who says she feels like she has taken a new lease on life since taking Tanlac. Her rheumatism and other troubles have been overcome.

"Tanalac is the greatest medicine on earth, and I just wish it was so every woman who suffers like I did could know what it will really do," said Mrs. Rose E. Tuttle, of 223 Congress Street, Portland, Maine, recently. "No one will ever know how I suffered," she said. "My stomach was so disordered I had to be very careful about what I ate. Potatoes and other starchy foods would completely upset me. Frequently after meals I would have terrible pain in my stomach, my breath would get short as if I would have a depressed and uneasy feeling about my heart. Often I was troubled with pains under my shoulder-blades and I frequently had bilious attacks. I also suffered with rheumatism, and this, together with my other troubles, was simply wrecking my health. I felt weak, nervous and run-down all the time, and seemed to be losing weight and strength every day. My sleep was poor, and often I was in such misery I wouldn't close my eyes all night long."

"Before I finished my first bottle of Tanlac I realized I had at last found the right medicine. My condition improved daily as I continued taking Tanlac, my appetite picked up and I was soon eating three hearty meals every day without suffering in the least afterwards. That horrible indigestion has disappeared, I am no longer nervous, I sleep soundly all night and feel splendidly all during the day. My strength has been increased until I can now do all my housework with ease. I am praising Tanlac every opportunity I have."

Tanalac is sold in Victoria by D. E. Campbell, corner Fort and Douglas, and Lang's Drug Store, Esquimalt Road.

TWO LOCAL CONCERNS
IN LIST THIS WEEK

Potter Mill Co. and Boggs & Harman Are Incorporated

The J. D. Potter Mill Co., Ltd., with a capitalization of \$20,000 has been incorporated with head offices here, according to The Provincial Gazette today. Boggs & Harman, Ltd., of this city have also been incorporated with a capitalization of \$20,000.

Other incorporations this week are:

R. H. Company, Ltd., \$10,000, Prince Rupert; Vancouver Supply Co., Ltd., \$15,000, Vancouver; Standard Furniture Co., Ltd., \$150,000, Vancouver; Banner Logging Co., Ltd., \$25,000, Vancouver; Westminster Carriage Co., Ltd., \$25,000, New Westminster; Union Mining and Milling Co., Ltd., non-personal liability, \$1,000,000, Grand Forks; Chapman's Motor Transfer, Ltd., \$20,000, Kelowna; Clinton Oil and Mining Co., Ltd., non-personal liability, \$100,000, Wood-Pulp.

GO TO PENITENTIARY

Messrs. Hughes and Parkin Taken to New Westminster To-day to Start Serving Their Terms.

Griffith R. Hughes, sentenced yesterday to five years for embezzlement of large sums from David Spence, Ltd., and Arthur Parkin, the nineteen-year-old bank clerk who confessed to cashing three worthless cheques for \$150 and was given two years, were both taken to New Westminster on the Vancouver boat this afternoon to start serving their terms in the penitentiary.

The Provincial Police have charge of the prisoners, who have been in the city jail since being sentenced yesterday at noon. Their transportation to the penitentiary is in charge of Constable Robert Owens.

Under the escort of detectives Mr. Hughes was allowed out of jail for a few hours yesterday afternoon and this morning to visit his lawyers, sign some legal papers and close up some business transactions. He was under surveillance all the time.

MADE B. C. NOTARIES

William Chamberlain Warren of the Soldiers' Civil Re-Establishment in Victoria was to-day appointed a notary public for one year only.

Others permanently appointed notaries public are: Lonsdale Lafontaine, Gardhouse, New Westminster; Albert Kress, Lavan, Vancouver; Cyril Kertalan, Vancouver; Clarence Landon Murdock, Vancouver; William Edwin Rea, South Vancouver.

Formal notice is given to-day of the appointment of Mrs. Mary Jane Henderson, Mrs. Annie Belle Dinahdale and Mrs. Cecilia Spofford as a local advisory board for Victoria to administer the Mothers' Pensions Act.

CARNIVAL TO-NIGHT

This is to be "Joy Night" at the Criterion Cabaret, when Louis Glazen will inaugurate his second serpentine fall carnival.

Activities will start some time before 9 o'clock. Colored paper hats and do-deads will be put on the guests by waitresses and various kinds of madrigal games will be distributed.

The orchestra will be led by a one-string fiddle.

TO VISIT HERE

Mr. and Mrs. Haxter Reed, of Montreal, will arrive in Victoria next Tuesday the guests of Mr. and Mrs. Stuart Armour, "The Haven," Cadboro Bay.

Mr. Reed was for many years the manager in chief of the C. P. R. Hotel system and was largely instrumental in organizing it during its early years.

Mrs. Reed is a sister of Mr. Stuart Armour, and she for many years supervised the interior decoration of many of the early C. P. R. hotels, among them the Empress, Chateau Frontenac, Royal Alexandra, Banff, and others.

LITTLE DIGNITY CHASER

They had been dining in state in a dining car. Father, who is a teacher of English, was glad that little daughter had behaved so perfectly. Mother also was in a happy frame of mind. There were numerous other diners in the car, and the parents were proud of their child. Not a single thing had happened to mar the serenity of the occasion.

Finally the meal was over, and they started to leave the car. Their way took them past all of the other tables. Suddenly the little girl felt impelled to ask a question.

"Mother," she called in a shrill voice, "aren't we going to wash the dishes?" Los Angeles Times.

VALUE STILL UNDECIDED

"House of Mottled Gables" Comes Up in Court Again, But Experts Have Not Given Opinions

Experts on realty values, lawyers and the courts have not yet been able to decide the present value of the "house of the mottled gables" at Quadra Street and North Park Street.

Norman Whitaker, attorney for Mrs. Wellwood, the owner, who was ordered by the court last week to get an expert valuation of the property to find out whether it is worth more than the \$4,000 mortgage and \$2,500 accumulated interest, appeared before Mr. Justice Morrison in the Supreme Court to-day and explained that the valuation has not been completed by the experts. The judge granted his request by extending the time until Monday.

Marshall Gordon, who is attempting to foreclose in the interests of the executors of the estate of Henry Wayne, and Ernest H. M. Foot, representing five beneficiaries of the

estate, appeared to have the taking over of the property speeded up. They deny that the property is worth the \$25,000 value claimed for it.

OBITUARY RECORD

The funeral of the late Mrs. Hannah Surrey will take place on Monday, October 11, the cortege leaving the Sands Funeral Chapel at 2:50 o'clock, and ten minutes later services will be conducted at Christ Church Cathedral by the Rev. Dean C. S. Quainton.

The death occurred late Tuesday night at the residence of his son, Ernest Orr, 58 Sims Avenue, of David Orr, a resident of this city for the past year. The late Mr. Orr was a native of Scotland, and had lived in Canada for forty-four years. He was sixty-seven years of age, and is survived by his widow and a grown-up family. The remains are resting at the B. C. Funeral Chapel, and due notice of the funeral will be given.

ALDERMAN GETS COW

Judge Orders Animal Returned to Mr. Sangster After Assize Court Trial.

Mr. Justice Morrison has ordered the lost cow of Alderman George Sangster, which caused the jury trial of Martin Walters in the Assize Court, to be returned to the alderman. The cow, after being missing for nearly a year, was discovered on the Heinekey ranch, Salt Spring Island.

During the trial the cow has been kept in one of the down town livery stables. The judge adjourned the session to take all the jury men up to see the animal.

"There is no doubt as to whom the animal belongs," he said in dismissing the charge against Walters.

TRYING TO KEEP WRECK OF RUPERT FROM SHIFTING

Salvage Company Officials
Say Ship May Slide Into
Deeper Water

Speaking of the wreck of the Prince Rupert, the G. T. P. steamer lying beached in Swanson Bay, the officials of the Pacific Salvage Company this morning stated that they were in constant touch with the salvage ship Algerine, and that the reports of the divers operations were now beginning to arrive.

The first effort of the salvage operators is to keep the sunken vessel in her present position, and withhold her from sliding into deeper water. At present the Prince Rupert appears to be resting on a ledge, and it is the first objective of the Salvage Company to hold her there for the present.

The damage to the bottom has not yet been surveyed, as the question of preventing her sliding into deeper water is occupying all the attention of the divers. Diver McHardy, with several of the local divers on the spot with some others, and making successive trips down to view the position of the ill-starred craft.

It is too early yet to forecast anything in the actual salvage operations. It was stated, as the ship had first to be secured from a worse position. But it is thought that the damage is not less than surmised, and may be somewhat worse, when the hull is surveyed. As to the actual

HARRIMAN PACT WITH GERMAN INTERESTS AROUSE U.S. SHIPPING

New York, Oct. 7.—As one result of the quarrel between E. Ayrill Harriman and Kermit Roosevelt, which received public airing when the favorite son of Theodore Roosevelt broke from the only son of the late railroad king, the officials of the Pacific Salvage Company this morning stated that they were in constant touch with the salvage ship Algerine, and that the reports of the divers operations were now beginning to arrive.

The announcement is particularly timely in view of the storm of criticism which has arisen in England over the alliance of the American concern with the German shipping firm.

The agreement was made between the American Ship and Commerce Corporation and the Hamburg-American Line in June, and carries with it a supplementary agreement which will be put into operation within six months.

The fundamental principle of the agreement, which is the subject of a document, is that each party to it shall have the right to participate in the enterprise with an equal amount of tonnage, so that if at any time there is an unequal division of tonnage in any service, an additional tonnage is required, the party having less than its equal share has the right to supply additional tonnage.

How Rates are Fixed

It is proposed to inaugurate a freight service between America and Germany ports, the American concern determining rates on eastbound traffic and the German firm on westbound travel. Where service is established between Germany and ports other than in the United States, the Hamburg-American Line is to propose a service in to be treated and the amount of tonnage to

INDIA GETS SERVICE FOR PATRIOTIC REASON

Unrest in India Made It Advisable to Exclude Foreign Shipping

Vancouver, B. C., Oct. 7.—A solution to the mystery of why the Canadian Government did not want to complete the steamers now building in the yards of British Columbia before inaugurating a Canada-India steamship service, which was to have been operated out of Vancouver but really started this week by a freighter running out of Montreal, was given today when J. Y. Delhi-Smith of Bombay arrived in the city on his way to England.

Mr. Delhi-Smith, who has lived all his life in India, said conditions in India are very disturbed at present over the passing of a resolution by the Indian national congress opposing the Montagu-Chelmsford proposals of reform and co-operation. Such a resolution put in plain English means boycott of every activity of British administration, explained the visitor.

"The success of the people of Egypt has done much to inspire the Indians to insurrection, as the anti-British feeling has been strong in the heart of India for a long time. The principal weapon used with the terrorist people at the universal bitterness left by the Punjab disturbances."

Mr. Delhi-Smith was of the opinion that the law passed by the British Indian Government, taxing foreign ships doing business with that country was not a measure of retaliation against the famous Jones bill but was to discourage foreign steamers which might bring assistance to the insurrectionists.

"The more boats flying the British flag in Indian waters the greater strength Britain has in India," he said.

Teeth Shine

When the film goes—watch and see

Learn now how teeth look—how they feel—when you combat the film. Get from your druggist, without cost, this ten-day test. Note the instant results, then look in ten days.

Millions have already done this. Leading dentists everywhere advise it. Now show your home folks what clean teeth really mean.

The war on film

Dental science, the world over, is fighting a war on film. Film is that viscous coat you feel. It clings to teeth, enters crevices and stays. And most tooth troubles are now traced to it.

Those troubles have been constantly increasing. The ordinary tooth paste does not end film, so the tooth brush has proved inadequate. Millions know how well-brushed teeth have discolored and decayed.

It is the film-coat that discolors, not the teeth. Film is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. And, despite all brushing, few escape these troubles caused by film.

New ways to fight it

Now dental science has found ways to fight film, day by day. Able authorities have proved the methods efficient. Leading dentists everywhere now urge their application.

The methods are combined in a dentifrice called Pepsodent. To millions it has brought a new era in teeth cleaning. And to every home a ten-day test is offered free, so all may quickly know it.

Quick, visible results

Anyone can see and feel what Pepsodent is doing. No old method of brushing ever brought such effects. So we let this test convince you.

One ingredient is pepsin. Another multiplies the starch digestant in the saliva, to digest starch deposits that cling. The alkalinity of the saliva is multiplied also, and at once. That is to neutralize mouth acids which cause tooth decay.

Two factors directly attack the film. One of them keeps teeth so highly polished that film cannot easily adhere.

The effects of Pepsodent come with every application. We constantly combat, in efficient ways, the teeth's great enemies. And millions of teeth are given new protection and new beauty.

FREE
This Week Only

At any drug store named below,
a 10-day tube of Pepsodent.
Simply present the coupon.

Watch the teeth whiten—note
how clean they feel. Then think
what such protection means to
you and yours.

Get the free tube today.

Millions now show the effects

In every circle nowadays you see glistening teeth. Ask the owners. You will find, we think, that they are using Pepsodent.

Go get this free tube and try it for yourself. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear.

Then let the children use it. Their teeth need it most. Very few children reach the age of 15 without some tooth decay.

Let the man who smokes see how it takes the stained film from his teeth.

Let all find out how much cleaner teeth feel, how much safer, when brushed in this new way. Then this ten-day test may bring to your home some lifetime effects.

10-DAY TUBE FREE

Present this coupon, with your name and address filled in, to any store named. It is good for a 10-Day Tube of Pepsodent.

WANT RIPLE ROCK REMOVED FROM PATH

Menace to Navigation to
Form Subject of Petition
to Ottawa

The removal of Ripple Rock in Seymour Narrows, long a menace to steamship traffic in their passage through that channel, is now being advocated by Col. C. W. Peck, V.C., M.P. for Skeena district. Col. Peck has obtained the backing of the Prince Rupert Board of Trade, and is to bring the matter before the Victoria and Vancouver boards as well. The Shipmasters' League is also to be approached to join in a joint petition to be sent to Ottawa asking for the removal of the rock, which has been a menace to northern navigation for years. Nearly all the north-bound steamers plying out of Seattle, Vancouver and Victoria have had narrow escapes from striking on the rock, which is said to be in the rip of a considerable tide. The increase in shipping running to the North has brought the matter forward again, and action is now being hoped for by the various lines affected.

COLUMBIA

Probably one of the most pathetic characters worked into a photoplay of recent months is that of Miriam Kirkstone, played by Jane Novak, in "The River's End," a Marshall Neilan production, written by James Oliver Curwood and distributed by First National Exhibitors' Circuit, which has opened an engagement at the Columbia Theatre. The role played by Miss Novak calls for a combination of dramatic fidelity and non-committal humanness, all of which Miss Novak is able to instill into the character without losing the tone of her own personality.

PRINCESS PLAYERS

PRODUCE "THE BRAT"

Render Bright and Finished
Performance of Well-known
Comedy Drama

"The Brat," a well known comedy drama that has been played much on the legitimate stage, and has also been adapted to the screen, is the vehicle in which the Mildred Page Players appear with success this week. The story of an author in search of a type to complete his latest work, and the weird incidents that follow on his selection of a girl from the night court in New York, is well known, but sufficiently powerful to prove interesting.

After outwitting every feeling of pride in social distinction in the house of her visitation, the "Brat" brings family troubles to a head by her quaint habit of being almost unpleasantly truthful, to the confusion of others, who though more polished, are less sincere. The play ends in the author falling in love with the wait from the New York tenements, to the horror of his strictly "proper" family.

Side lanes in the plot, the overbearing pride of relations that refuse to recognize the good in the "lame dog," and continually drive him to further excess by pre-supposing

Continuous 2-11 p. m.

Marshall Neilan
presents

that he was guilty of these faults, round out the action of the piece into a realistic story of life, which for the good of humanity is not necessarily true to every household in the Six Hundred.

Starring in the title role, Mildred Page plays the difficult part of the "Brat" with admirable realism, while supporting her in a cast well chosen for their individual capabilities. Thomas Sullivan, as the author, plays probably the role of next importance, in a manner that is at once convincing and handled with restraint. Byron Alden, as the black sheep of the family, is entirely lovable in his gay tete-a-tete with the family butler, Frank Ellis, the two providing one of the liveliest portions of comedy in the entire action.

Arthur Elton, as the Bishop, although in a more or less minor part, made his share of the entertainment stand out for convincing realism and admirable restraint, and made a wonderfully broad-minded "bishop." Genevieve Berkeley, as the wife of the author, with Nina Guilbert and Alice Round contributed their charms and talent to the completion of a play that is thoroughly interesting, and one that leaves a pleasant conclusion to lessen the pathos shown in the life of the girl from the night court.

ROYAL VICTORIA

Sudden attacks of faintness or unconsciousness are the most easy thing to simulate there is, that is if no one observing them is suspicious as to its genuineness. A suspicious person may go the length of sticking a pin into the faker, an act which would not bother a really unconscious person at all, but one that would be exceedingly painful if the person was shamming.

Joe Benson stands the pin rather than face the consequences of admitting he is shamming, when the result of the discovery would be his marriage to a decidedly pretty heiress. Why he fears the consequences and what happens makes a deliciously funny story as it has been produced for the screen by Marshall Neilan under the title of "Don't Ever Marry" which will be the attraction at the Royal Victoria Theatre again to-night.

"WHAT'S YOUR HURRY" OPENS AT DOMINION

Wallace Reid Appears in Automobile Picture For Balance of Week

Wallace Reid in another thrilling automobile picture, "What's Your Hurry?" will be the attraction at the Dominion Theatre to-day, Friday and Saturday. Like its predecessors, "The Roaring Road" and "Excuse My Dust," the story was written by Byron Morgan.

The action centers around "Dusty" Rhodes, an auto racing driver in love with Virginia, daughter of Pat MacMurray, manufacturer of Pakro trucks. In an effort to win favor from the irascible Pat, "Dusty" abandons racing and becomes publicity man for Pakro trucks. But his well meant efforts only lend him deeply into the bad graces of Pat, whose bad temper has been further aggravated by his own failure to secure an expected order for trucks from the Cabrillo Irrigation Co. "Dusty's" opportunity comes when the Cabrillo company's dam starts to give way in a raging storm. He leads a fleet of Pakro trucks into the breach and not only saves the dam, but also rescues Pat and Virginia from possible death.

Lois Wilson supports Wallace Reid as leading woman in "What's Your Hurry?"

BOVRIL

will make a man of him

BOVIRIL is concentrated nourishment. It gives strength of body, strength of mind, and strength of character.

Its body-building power has been independently proved to be ten to twenty times the amount taken.

That is why Bovril is so valuable for invalids and during convalescence. It nourishes, and makes other foods nourish as they should.

"RISING GENERATION" AT THE PANTAGES

Good Bill Will Attract All
Week; A Remarkable
Bird

Heading the Pantages bill this week is the unique play, the "Rising Generation." The company consists of ten children, five boys and five girls. Their scene of a navy barracks fits in well with their act. Guitar and banjo selections formed the opening of the scene. Some very good impersonations were given by members of the company, Dominic Palumbo representing the Italian habit. Character impersonations were given by Mary Carmoline Daniels, Buster Brown surprised the audience with his ability to yodel, and a soprano voice of exceeding quality is possessed by Maxine Hamilton. Dances, solos and character parts are cleverly carried out under the direction of Maye Daniels. The capabilities of these young actors and the assurance with which they carry out the act with a credit to their training.

All that Recardo wanted was a ring, and she got it. Her partner Cooper joined with her in staging a very humorous act called "Ah, Gimme the Ring." Recardo and Cooper were here on the Orpheum circuit and their contribution took very well. The act embraces songs, instrumental solos, and the comedy that they give is exceptionally good. Very pretty and gorgeous are the costumes worn by the company of dancers in their different dances, the Snow Queen being the prettiest of them all. Unique was the dance of Milady and her meeting with the burglar. Oriental and Spanish dances were also included on this programme.

The Golden Bird is claimed to be the most wonderfully trained bird on the coast. It can follow any piece of music that is played by his mistress, and any one in the audience can name any song bird that they want to have interpreted and the bird will immediately give an impersonation of the bird, with the help of his mistress.

Aerial feats are given on the wire by W. W. and Walker and to watch their clever balancing stunts is a thrill.

"Carry On" is the name of the act that Henshaw and Auer are staging at the theatre. Their selection is full of comedy and song. Some very good impersonations of high and low life are given.
